ACHARYA SCHOOL OF DESIGN

ACHARYA

- Programs aligned with global standards, led by industry-experienced faculty.

- Skill-building certifications in Autodesk and UI/UX Design with partners like Design Boat and Medhini.

- Studio-centered learning approach with hands-on, creativity-focused projects.

- Direct industry exposure through professional partnerships, workshops, and seminars.

- Access to LinkedIn courses and high-performance laptops for seamless learning.

- Real-world design projects and internships for practical experience.

- Advanced design labs equipped with the latest tools and software.

B.V.A INTERIOR AND SPATIAL DESIGN

Powered by

Medini

About

The core objective of the course is to understand that humans are always associated with space and have an increasingly deeper association with the space they live, work, or visit. In the process of living together, spaces will develop their own identities that are connected to the aesthetic appreciation, taste, and style of human beings. Acharya's BVA in Interior & Spatial Design will help students develop sensibilities to identify human beings' relationships with their spaces. Our collaboration with Medini ensures comprehensive exposure to AutoDesk software, enhancing students' proficiency in industry-standard tools.

Career Scope

The career scope for interior and spatial designers is expansive, offering a range of exciting opportunities. Roles such as Retail Designer, Exhibition Designer, and Corporate Interior Designer focus on creating functional and aesthetically pleasing spaces that enhance user experience. Additionally, positions like Landscape Architect and Design Consultant allow professionals to innovate in both indoor and outdoor environments, ensuring that design meets both practicality and artistic vision.

Eligibility

Pass in 10+2 / Higher Secondary (HS) / Pre University (PUC) / 'A' Level (with 12 years of schooling) or its equivalent with English as one of the languages. Shall have secured a minimum of 45% marks in aggregate in core subjects or 3 years diploma recognized by technical board.

Duration
4 years

COURSE CONTENT

Semester 1

- Design Fundamentals- I
- Drawing Fundamentals- I
- Design Language-1

Semester 2

- Design Fundamentals-2
- Drawing Fundamentals-2
- Design Fundamentals-2

Semester 3

- Form & Space - Furniture Design
- Interior Design Materials & Applications
- Technical Drawing

Semester 4

- Design Studio: Space & Planning
- Interior Design Materials & Application II – Metal and Glass
- Architectural Elements and Service
